Six Hot Retail Stores Coming to DC

Town & Country Movers, the MoCo-based moving-and-storage company, offers local, long distance, and international services. It's earned the **Angie's List Super Service Award** for the 8th consecutive year. Click [here](#).

Whether located in newly created **town centers**, former **warehouses** or **revitalized malls**, area residents will have more places to spend their money. Here are **six of the most-anticipated stores** in the pipeline.

1. Local Motors - 3D Printed Car Co

What: It's the world's first company to build and sell 3D-printed cars.

Where: National Harbor

Who: Scott Peterson Co

Details: It will be a 40k SF micro-factory, lab and showroom where people can participate in building products and vehicles. The company is expected to create more than 100 jobs.

The cool factor: It's the first micro-factory and showroom on the East Coast and the company's first location to debut its fleet of 3D-printed cars.

Bonus Buzz: Now when a mechanic says you need a dubious sounding part, such as an ethylated simmer gadget, you can reply, "Great, I'll just print my own."
