Hi Brent, Dave, and Amanda,

We opened our McLean training center to students this week. The training center looks great and is off to a really good start. A lot of people will get the training they need to take their IT careers to the next level in this facility. Thank you for all your work in this long process. You can see a few photos of the training center here:

Feel free to drop in and see the fruits of your efforts.

Thanks!
