

Cambridge Construction Group was great to work with! They kept us well-informed throughout the entire build-out process of our company's new DC office. The weekly construction meetings were very informative and helped keep us up-to-date with the progress of our new space. Having a group that was attentive to our wants and needs was ideal. The construction team went above and beyond to help get our office move-in ready! Our company is very happy with the way our new space turned out and it was a pleasure being able to work with the Cambridge Construction Group! – Annie Buckley, Padilla | FoodMinds
